ECE 150 Adult Supervision
ECE Electives (16 units)

General Education Requirements (16 units)

ENGL 101 Written Communications
Social Science Elective
Humanities Elective
Math or Science Elective

Students working toward receiving their Child Development Permit would need to meet the 175-day classroom *Experience Requirement* listed on the matrix. All required units must be completed with a “C” or better in each course. At least half of the required units must be completed at Humphreys College. Students are required to take the Math & English Placement test to begin the program. Depending on placement examination scores, students may need to take math and/or English preparation courses.
