ECE Department Adds Late-Afternoon Classes

Pamela Wood

According to Department Coordinator Pamela Wood, the ECE Department will begin offering 4:00 to 5:45 p.m. classes on Tuesdays and Thursdays. This makes it possible for students to come two evenings a week and take 12 units. Moreover, this new schedule helps students who are working in the field of Early Childhood Education to continue working during the morning hours at a child-care facility while maintaining their full-time student status.

From the Library and Learning Center

Stanislav Perkner

Do you know. . .

- v That the Library purchased almost thirty new video releases covering various issues of American and world history—from Julius Caesar to modern feminism?
- v That the Learning Center, located in the Library building, is offering the services of two new tutors? (**Leslie Walton** covers all accounting classes; **Brenda Carrillo** can help with the math.)
- v That the Library periodicals section contains more than eighty titles of daily newspapers, professional journals, and magazines?
- v That the Library & Learning Center is open daily: 8:00 a.m. to 9:30 p.m. (Monday – Thursday); 8:00 a.m.- 7:00 p.m. (Friday); and 8:30 a.m.– 2:30 p.m. (Saturday)?

The Library is located on the West Campus. Tutorial Services are available daily or by appointment. For more information, call (209) 478-0800.

Community Affairs Coordinator on the Move
Richard Chabot

End the summer season with a short walk and a big heart by joining in **America's Walk to End Diabetes**. This is only a five-mile walk (two and a half if you can't make it the full five) on Saturday morning, October 5. The walk will be held in Modesto in conjunction with their international festival, so you can hang out afterwards and enjoy the food, people, and sounds. Humphreys College is trying to form a large team of walkers to go down and walk together for a great cause.

In fact, Dr. Humphreys has promised a college t-shirt for everybody who raises more than \$150 in pledges. If you're interested in participating, contact Richard Chabot for more information at 478-0800 or at rchabot@humphreys.edu.

Did you know. . .

- * *17 million people in the U.S. have diabetes.*
- * *5.9 million of those people don't know they have it.*

Symptoms include:

- *frequent urination*
- *excessive thirst*
- *extreme hunger*
