MODALITY: Course modality describes the method(s) in which class content is delivered. The modalities can be described generally as

Traditional: Classes meet in-class based on scheduled times and course content and activities are delivered in the classroom setting.

Web-Enhanced: Classes meet in-class based on scheduled times. Course content and activities are generally conducted in the classroom, but certain activities and/or additional course content may be delivered/conducted using the Moodle course management system.

Hybrid: Classes meet both online and in-class according to a described schedule. Content and assignments are conducted in both modalities.

Online: Classes are conducted entirely online through the Moodle course management system. All activities are conducted electronically.
