Humphreys University

Humphreys University has two locations in Stockton and Modesto. Humphreys University is located in north Stockton, about five miles from downtown. The campus is one block east of Pacific Avenue. The Humphreys University Modesto Campus is located in north Modesto in Stanislaus County.

Mission Statement

Humphreys University prepares students for meaningful careers and professions through a high-quality educational experience, strongly informed by the liberal arts, and directed to the specific and changing needs of students from diverse ethnic, cultural, economic, and educational backgrounds.

Clery Act

The Clery Act was enacted in 1990 and was designed to assist students in making decisions which affect their personal safety. It was also to ensure that institutions of higher education provide students, staff, and faculty and prospective students, staff, and faculty the information they need to avoid becoming victims of campus crime.

The Higher Education Act of 1998 and the subsequent amendment of the implementing regulations (34 C.F.R.668.46) significantly expanded institutions' obligations under the Act. The Act was also renamed the "Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act" (hereafter the Clery Act). The Clery Act requires colleges and universities to publish an annual report every year by October 1. The report must contain the following information:

- 1) It must contain three years of campus crime statistics and certain campus security statements.
- 2) Disclose crime statistics for certain offenses occurring on the campus, in public areas immediately adjacent to or running through the campus, and certain non-campus facilities.
- 3) Provide "timely warning" notices of those crimes that have occurred and pose an ongoing threat to students and employees.
- 4) Disclose in a public crime log of any crime that occurred on campus and was reported to the security department.

Clery Geography

The Clery Act requires the identification and use of specific geography in the calculation of crime statistics for the annual security report.

[Stockton Campus](#)

[Modesto Campus](#)

On-Campus Property: Any building or property owned or controlled by the college within the same reasonably contiguous geographic area and used by the college in direct support of or in a manner related to the college's educational purposes, including residence halls.

Public Property: All public property, including thoroughfare streets, sidewalks, and parking facilities that is within the campus or immediately adjacent to and accessible from the campus.

Non-Campus Property: Any building or property owned or controlled by a student organization that is officially recognized by the college and is not within the same reasonably contiguous geographical area of the college.

Humphreys University has two on-campus properties in Stockton and Modesto.

Clery Crimes Definitions

Humphreys University is required by federal law, to make information available about campus safety and procedures to our students and campus community. The data contained in the Annual Safety Report is for the last three calendar years and available to our students and employees through our university website. Clery Act Hate/Bias Crimes

A hate crime is defined as any crime that manifests evidence that a victim was selected because of his/her actual or perceived race; gender; gender identity; religion; sexual orientation; ethnicity; national origin or disability. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's perceived race; gender; gender identity; religion; sexual orientation; ethnicity; national origin or disability, the crime is classified as a hate crime.

Bias

Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin. Although there are many possible categories of bias, under Clery, only the following eight categories are reported:

Race

A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

Gender

A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

Gender Identity

A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

Religion

A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

Sexual Orientation

A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived sexual orientation.

Ethnicity

A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that "race" refers to grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.

National Origin

A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and/or traditions.

Disability

A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness. The University of Oregon Police Department is required to report statistics for hate/bias crimes by the type of bias for the prior listed offenses (see definitions above) as well as the crimes of larceny, simple assault, intimidation, and vandalism (see definitions below). The below listed crimes are not Clery reportable crimes unless the crime was motivated by bias.

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Note: Constructive possession is defined by Black's Law Dictionary, 6th ed. as "where one does not have physical custody or possession but is in a position to exercise dominion or control over a thing.")

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism of Property (Except "Arson"): To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law. If a hate crime occurs during an incident involving larceny, simple assault, intimidation, or vandalism, Clery law requires that the statistic be reported as a hate crime even though these four crime classifications by themselves are not Clery-reportable crimes. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, religion, ethnicity, national origin, gender, gender identity, sexual orientation, or disability, the crime is classified as a hate crime.

Confidential Reporting and Timely Warning

The university will protect the confidentiality of the victim and reporting parties by not disclosing any personally identifiable information in the crime log.

The Director of Administrative Services will issue a "timely warning" for any Clery Act crime that is reported to our Maintenance and Security Department or to the local law enforcement agency and is considered by the institution to represent a serious or continuing threat to students and employees.

The "timely warning" will be distributed through the campus email system.

Security and Access to Facilities

Workplace Violence

Safety and security of employees is of vital importance to Humphreys University. Acts or threats of physical violence, including intimidation, harassment, stalking and/or coercion, which involve or affect Humphreys University, or which occur on University property, will not be tolerated. Employees are strictly prohibited from bringing weapons onto University property or possessing weapons during work time.

All University employees bear the responsibility of keeping our work environment free from violence and potential violence. Any employee who witnesses or is the recipient of violent behavior should promptly inform their supervisor or the Director of Administrative Services. All threats will be promptly investigated, and no employee will be subject to retaliation, intimidation, or discipline as a result of reporting a threat in good faith under this policy.

Any person who engages in a threat or a violent action on Humphreys University property may be removed from the premises as quickly as safety permits and may be required, at Humphreys University's discretion, to remain off Humphreys University premises at least pending the outcome of an investigation into the incident.

When threats are made or acts of violence are committed by a Humphreys University employee, a judgment will be made by Humphreys University as to what actions are appropriate, including possible medical evaluation and/or possible disciplinary action.

Once a threat has been substantiated, it is University policy to put the threat-maker on notice that they will be held accountable for their actions and then following through with the implementation of a response. Under this policy, decisions may be needed to prevent a threat from being carried out, a violent act from occurring or a life-threatening situation from developing. No existing Humphreys University policy or procedure should be interpreted in a manner that prevents the above from occurring.

Humphreys University will make the sole determination of whether, and to what extent, threats or acts of violence will be acted upon by Humphreys University. In making this determination, Humphreys University may undertake a case-by-case analysis in order to ascertain whether there is a reasonable basis to believe that violation of this policy has occurred. No provision of this policy shall alter the at-will nature of employment at Humphreys University.
